The Market Byelaws - These therefore cannot be sanctioned - Similarly those [illegible] provided under Sec 48(b) of the Mul. Regs do not follow the "Govt's model byelaws" most of the proposed byelaws are offences under either the Indian Penal Code or the Mun. Regs. Byelaws 3 to 5 may properly under "Building Byelaws" & Byelaws 5 might find a place in the market Byelaws.

2. The other Byelaws are in order - If approved these Byelaws may be sanctioned subject to the observations suggested above.

Ed 15/11 Every set of byelaws should have formed the subject of a separate communication A circular in this behalf is perhaps necessary

This has not been done by the Legislature

Ag for 27/11/26

The Byelaws are purported to be framed under Sections 46 and 48 of the Municipal Regulation. -- Section 46 refers to Rules only. It is Section 48 that refers to Byelaws. These should be considered as having been framed under Section 48 only. This will be pointed out.

dangerous trades.

"Stone quarying" is brought under Offensive trade. This may be brought under "Dangerous trade".

II. Bakery or sweet-meat shops.

The additions proposed to these Byelaws may be approved. Bye-law 12 provides for cancellation of license. But there is no provision laying down the necessity for taking out a license. This may be also inserted in the Byelaw.

"No bakery shall be opened hereafter in the Municipality without obtaining a license therefor from the Municipal Council"

III. Hotels or Eating houses.

Certain additions have been found necessary in these Byelaws These are entered in their proper places. The Byelaws in this respect may be approved with the additions.

IV. Bylaws re. giving information re. dangerous Diseases.

May be approved with the exception of Byelaw 6 which has to be omitted for the present and can only be enacted after the new Bill comes into law.

Byelaws IV, V and VI. relating to Octroi, Protection of water and Sanitation and Conservancy do no seem to call for any remarks except for small verbal corrections in the last.

Byelaws - VII.- relating to disposal of Carcass of Dead animals.

The changes required in this have been indica-

in the draft These may be approved

Under Heading VIII Byelaws relating to Deposit of goods, Buildings and Pendals or other temporary structures may come in by substituting Section 48 (1)(p) (q) and (r) for Section 48 (p) and omitting the -- separate heading namely "Regarding the erection of buildings Municipal Council" appearing just above the sub heading Buildings"

Byelaw 6 under Building byelaws is ultra-vire and may be omitted

Byelaws under Heading X for controlling unwieldy traffic, (Section 48 V), and for other matters relating to Municipal Administration, Section 48 W, are not such as could be properly framed under these sub-sections. Such byelaws framed by other Municipal Councils were disallowed as not in the form and relating to matters to be found under the corresponding sub-sections in Orr's Model Byelaws These have therefore to be disallowed and a copy of the Byelaws to be found in the Model Byelaws under these sub-sections may be sent to them for guidance in case the Municipal Council considers the necessity for framing Byelaws under these Sub-Sections
